

Devon Maternity Voices Partnership (MVP) is a collective of parents (and parents to be) and organisations who support maternity services (health professionals, charities, Healthwatch, non-health professionals) working together to review and contribute to the development of local maternity care across Devon.

We want to hear your experiences of maternity care during pregnancy, birth and after:

- What was good?
- What wasn't good?
- How could we make it better?

Feedback is collected by a team of local volunteers. You can get in touch with us by email, social media, talking to us when we walk the patch. Attending events or volunteering.
